

1. The first full -sized digital computer was called:

- a) ENIAC**
- b) Mark I
- c) Altair 8800
- d) Apple II

2. The first generation of computers used:

- a) Transistors
- b) Vacuum tubes**
- c) Microprocessors
- d) Integrated Circuits

3. Which generation introduced transistors?

- a) First
- b) Second**
- c) Third
- d) Fourth

4. Integrated circuits were used in which generation?

- a) First
- b) Second
- c) Third**
- d) Fourth

5. The Intel 4004 microprocessor belongs to:

- a) First generation
- b) Second generation
- c) Third generation
- d) Fourth generation**

6. Which generation of computers introduced GUI (Graphical User Interface)?

- a) Second
- b) Third
- c) Fourth**
- d) Fifth

7. The fifth generation of computers is focused on:

- a) Punch cards
- b) Nanotechnology & AI**
- c) Vacuum tubes
- d) Magnetic drums

8. Which generation introduced keyboards and monitors instead of punch cards?

- a) First
- b) Second
- c) Third**
- d) Fourth

9. Laptops and handheld devices became popular during:

- a) First generation
- b) Fourth generation**
- c) Second generation

d) Third generation

10. Abacus, an ancient device, is considered the earliest form of:

- a) Modern computer
- b) Mechanical calculator**
- c) Programming language
- d) Operating system

11. The term cyberspace was first used by:

- a) Alan Turing
- b) William Gibson**
- c) Charles Babbage
- d) Tim Berners -Lee

12. Cyberspace refers to:

- a) A physical location
- b) A virtual world created by interconnected computers**
- c) An operating system
- d) A computer hardware part

13. Cyber Jurisprudence means:

- a) The study of cybercrimes only
- b) Application of jurisprudence to cyber law**
- c) Study of computer hardware
- d) International business law

14. Which is NOT covered under cyber jurisprudence?

- a) Virtual contracts
- b) Virtual courts
- c) Physical land ownership**
- d) Virtual property

15. Cyber Jurisprudence deals with:

- a) Virtual subject matter**
- b) Only real -world laws
- c) Only criminal law
- d) Computer hardware

16. The principle of "Primacy of Meta Space" suggests:

- a) Real space laws always prevail
- b) Cyber laws are supreme**
- c) No laws apply to cyberspace
- d) Only international laws work

17. Doctrinal approach in Cyber Law means:

- a) Law based on tradition only
- b) Law related to IT, IP, contracts, privacy**
- c) Law based on emotions
- d) Only cybercrime laws

18. Cyber law gives legal recognition to:

- a) Handwritten documents
- b) Electronic documents**
- c) Oral contracts
- d) Traditional paper files

19. Intellectual Property is an important part of:

- a) Criminal Law

b) IT Law

- c) Family Law
- d) Contract Law

20. Cyber law supports:

- a) Fraudulent transactions
- b) E-filing & e-commerce**
- c) Only offline trade
- d) Banking secrecy only

21. Online identity theft is related to:

- a) Defamation
- b) Fraud**
- c) Harassment
- d) Trade Secrets

22. Copyright law in cyberspace protects:

- a) Bank frauds
- b) Creative works**
- c) Privacy only
- d) Trade secrets

23. Using the internet to spread false statements harming someone's reputation is:

- a) Harassment
- b) Defamation**
- c) Fraud
- d) Freedom of speech

24. Sending threatening messages online repeatedly is:

- a) Harassment & Stalking**
- b) Defamation
- c) Fraud
- d) Copyright violation

25. Freedom of speech online is limited by:

- a) Obscenity laws**
- b) Unlimited free speech
- c) No laws at all
- d) Financial fraud laws

26. Google protecting its search algorithms falls under:

- a) Trade secrets**
- b) Defamation
- c) Copyright
- d) Fraud

27. Clicking "I agree" to website terms relates to:

- a) Cyber contracts**
- b) Defamation law
- c) Harassment law
- d) Criminal law

28. Which of these is NOT directly covered under Cyber Law?

- a) Harassment
- b) Fraud
- c) Astronomy**
- d) Copyright

29. Cyber laws keep an eye on:

- a) Only offline activities
- b) All activities over the Internet**
- c) Only government records
- d) Hardware companies

30. Defamation law protects against:

- a) False public statements online**
- b) Legal contracts
- c) Stolen passwords
- d) Computer viruses

31. Cyber ethics studies:

- a) Computer programming
- b) Ethical behavior in cyberspace**
- c) Hardware faults
- d) Jurisdiction issues

32. The ethical concept of privacy includes:

- a) Secrecy, anonymity, solitude**
- b) Fraud, hacking, malware
- c) Only copyright
- d) Freedom of speech

33. Which is an example of loss of privacy?

- a) Sharing of personal phone numbers**
- b) Logging into an email
- c) Playing online games
- d) Watching videos

34. Identity theft is an example of:

- a) Privacy abuse**
- b) Cyber ethics
- c) Free speech
- d) Defamation

35. Warren & Brandeis (1890) discussed privacy as:

- a) Legal liability only
- b) Central to dignity & individuality**
- c) An optional right
- d) A business necessity

36. Ethical businesses protect customers by:

- a) Collecting more data
- b) Securing private information**
- c) Ignoring privacy
- d) Sharing personal data

37. Which is NOT a privacy protection method?

- a) Removing sensitive identifiers
- b) Banning reverse SSN lookups
- c) Free distribution of social security numbers**
- d) Allowing name removal from databases

38. Which of these is a malicious activity from privacy abuse?

- a) Fraud & impersonation**
- b) Online learning

- c) Shopping
- d) E-commerce

39. Cyberspace is often called:

- a) A virtual universe**
- b) A physical machine
- c) A supercomputer
- d) A legal system

40. Which crime is the fastest growing in the US according to notes?

- a) Hacking
- b) Identity theft**
- c) Malware
- d) Phishing

41. Cyber jurisdiction means:

- a) Applying physical world laws directly
- b) Legal authority in cyberspace**
- c) Internet speed regulations
- d) Hardware testing

42. Which problem is faced in cyber jurisdiction?

- a) National borders irrelevant**
- b) Easy identification of location
- c) No cyberattacks
- d) Only civil cases

43. Which paper states “a court must decide where internet conduct takes place”?

- a) Neuromancer
- b) Principles of Jurisdiction by Betsy Rosenblatt**
- c) Cyber Ethics by Warren
- d) Harvard Law Review

44. Cyberattacks include:

- a) Phishing, ransomware, identity theft**
- b) Only defamation
- c) Just fraud
- d) No threats

45. Using cyberspace for violent criminal activities is called:

- a) Cyber Terrorism**
- b) Cyber Ethics
- c) Cyber Privacy
- d) Cyber Contracts

46. Cyber warfare involves:

- a) Attacks on military databases**
- b) Defamation only
- c) Cyber contracts
- d) Free speech

47. Section 14 of CrPC deals with:

- a) Local jurisdiction of Judicial Magistrates**
- b) Cyber ethics
- c) Defamation
- d) Freedom of speech

48. Section 27 of CrPC deals with:

a) Jurisdiction for juveniles

- b) Cyber contracts
- c) Copyright
- d) Fraud

49. Section 188 of CrPC deals with:

a) Offences committed outside India

- b) Defamation cases
- c) Juvenile cases
- d) Local jurisdiction

50. Which law governs civil jurisdiction ?

- a) IT Act
- b) Code of Civil Procedure (CPC)**
- c) CrPC
- d) Constitution

51. Which is a common cyberattack?

a) Phishing

- b) Text editing
- c) Compiling code
- d) Debugging

52. Which crime involves fake online messages to steal info?

a) Phishing

- b) Copyright
- c) Defamation
- d) Contract breach

53. Ransomware means:

a) Malware that locks data until payment

- b) Legal payment
- c) Ethical hacking
- d) Court fine

54. Online child pornography falls under:

a) Cyber crime

- b) Copyright
- c) Civil law only
- d) Privacy ethics

55. Which section of CPC deals with immovable property suits ?

a) 16

- b) 27
- c) 14
- d) 20

56. Which section of CPC deals with other suits ?

a) Section 20

- b) Section 14
- c) Section 27
- d) Section 17

57. Cyber laws aim to:

- a) Support fraud
- b) Reduce and check cybercrime**
- c) Only manage copyrights

d) Promote hacking

58. Which is NOT an area of cyber law?

a) Fraud

b) Contracts

c) Astronomy

d) Harassment

59. Which law gives legal recognition to electronic documents in India?

a) IT Act

b) CrPC

c) CPC

d) IPC

60. Cyber Ethics mainly concerns:

a) User behavior & moral use of computers

b) Hacking

c) Viruses only

d) Civil law
